

## Wedge Hydraulic Return HWJ 25 U

### Product information

The HWJ 25 U wedge is designed to lift a load from a flat surface where there is a minimum insertion space available. Very suitable for a wide range of applications. Creates a start insertion space where other tools can not do so.

- Compact construction
- Low weight
- Anti-skid profile on wedge blades
- Usable in all positions
- Applications:
  - Lifting machines
  - Spreading flanges
  - Dismantling and assembly
  - Adjustment and alignment.

**Features:** Minimum insertion space of 6 mm.
