

## Verlinde Elektrische kettingtakel VX

### Productinformatie

The Verlinde electric chain hoist, is designed for loads ranging from 63 kg to 2500 kg. This powerful and versatile hoist is ideal for professionals seeking reliability and efficiency in their lifting solutions.

This electric chain hoist is perfect for industrial environments such as production halls, warehouses, and construction sites. and is specifically designed for professionals who regularly need to move heavy loads and prioritize safety and precision.

### Key Benefits

1. **Flexible lifting heights:** Standard available in lifting heights of 3 and 6 meters, with other lifting heights available on request.
2. **Versatile control:** Equipped with both 2-button control for hoists with hook suspension or push trolley and 4-button control for hoists with an electric trolley.
3. **Safety first:** Outfitted with safety limit switches for upper and lower positions, an emergency stop button, and a torque limiter for added protection during lifting operations.
4. **Durable and reliable:** A galvanized load chain, IP55 protection for hoisting and travel motors, and an option for a stainless steel hoisting chain and hook ensure long-term use even in demanding conditions.
5. **Variable options:** The hoist can be customized with various options such as radio control, rain protection, and manual brake release to meet specific needs.

### Technical Specifications

- Lifting heights: Standard 3 and 6 meters (other heights on request)
- Control cable: 2.5 or 5.5 meters
- Lifting speeds: 2 speeds
- Protection: IP55 for hoisting and travel motors
- Power supply: 400V / 3Ph / 50Hz, 415V / 3Ph / 50 Hz, or 460V / 3Ph / 60 Hz
- Control: Low voltage 48V
- Chain: Galvanized load chain with collection box/bag
- Certification: Complies with the CE Machinery Directive

### Need advice?

For optimal performance, we recommend regular even [annual inspection](#) and [maintenance of the hoist](#). If you have any questions regarding the installation or use of the chain hoist, our experts are always available to assist you.

Consider additional options such as a [time meter](#) or [key switch on the pendant](#) for extra functionality and safety. Our Experts can advise you on the best configuration and accessories for your specific application.

**Markering:** CE
